

CPD Log

This log is designed as a tool to assist Mediators in recording their CPD hours.

This log is intended as guidance only; mediator practitioners may opt to store this information in an alternative format or record additional or different details. However, members of The Scottish Mediation Register are required to maintain a log of CPD as part of their portfolio which may be subject to random checks from June 2012. For entrance to the Register, a minimum of 12 hours of CPD must be completed each year. For more information, please consult the Practice Standards.
